Independent Auditor's Report

To the Board of Education Central Union High School District El Centro, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Central Union High School District (District), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Central Union High School District as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information as identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements.

The accompanying supplementary information identified in the table of contents, as required by the 2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, prescribed in Title 5, California Code of Regulations, Section 19810 is presented for purposes of additional analysis and is not a required part of the financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 31, 2022, on our consideration of Central Union High School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

CENTRAL UNION HIGH SCHOOL DISTRICT

MANAGEMENT DISCUSSION AND ANALYSIS
JUNE 30, 2020
(Unaudited)

The discussion and analysis of Central Union High School District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2020. The intent of this discussion and analysis is to look at the District's financial performance as a whole. To provide a complete understanding of the District's financial performance, please read it in conjunction with the Independent Auditor's Report, the District's financial statements and notes to the basic financial statements.

The Management's Discussion and Analysis (MD & A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued June 1999. Certain comparative information is required to be presented in the MD & A.

FINANCIAL HIGHLIGHTS

- The increase in Local Control Funding Formula (LCFF) sources from 2018 to 2019-20 was \$1.63 million. The State of California is now funding 100% of the LCFF gap.
- The general fund expenditures increased by \$5,500 over the previous year amount. Total general fund expenditures have remained relatively consistent.
- ➤ General Fund expenditures and other uses exceeded revenue and other sources by \$1,654,853. This was due to a \$3,000,000 transfer to the Special Reserve for Capital Outlay Projects Fund.

Overview of the Financial Statements

This annual report consists of the following parts – management's discussion and analysis (this section), the basic financial statements, required supplementary information, other supplementary information, and findings and recommendations. These statements are organized so the reader can understand the Central Union High School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Basic Financial Statements

The first two statements are district-wide financial statements, the Statement of Net Position and the Statement of Activities. These statements provide information about the activities of the whole School District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail.

For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's more significant funds with all other non-major funds presented in total in one column.

The financial statements also include notes that explain some of the supplementary information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements. A comparison of the District's general fund budget is included.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

These two statements provide information about the District as a whole using methods similar to those used by private-sector companies. The Statement of Net Position includes all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting. This basis of accounting takes in account all the current year's revenues and expenses regardless of when cash is received or paid. These statements report information on the district as a whole and its activities in a way that helps answer the question, "How did we do financially during 2019-2020?"

The change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Over time, the increases or decreases in the District's net position, as reported in the Statement of Activities, are one indicator of whether its financial health is improving or deteriorating. The relationship between revenues and expenses indicates the District's operating results. However, the District's goal is to provide services to our students, not to generate profits as commercial entities. One must consider many non-financial factors, such as the quality of education provided to assess the overall health of the District.

- Increases or decreases in the net position of the District over time are indications of whether its financial position is improving or deteriorating, respectively.
- Additional non-financial factors such as condition of school buildings and other facilities, and changes to the property tax base of the District need to be considered in assessing the overall health of the District.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs. Some funds are required to be established by State law. However, the District establishes other funds to control and manage money for specific purposes.

Governmental Funds

Most of the School District's activities are reported in governmental funds. The major governmental funds of the District are the General Fund, the Building Fund, and the Special Reserve Fund for Capital Outlay Projects. Governmental funds focus on how money flows into and out of the funds and the balances that remain at the end of the year. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's operations and services that help determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

Fiduciary Funds

The District is the trustee, or fiduciary, for the student activities funds. All of the District's fiduciary activities are reported in separate Statements of Fiduciary Net Position. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance its operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

FINANCIAL ANALYSIS OF THE GOVERNMENT WIDE STATEMENTS

The School District as a Whole

The District's net position was \$37.5 million at June 30, 2020. Of this amount, unrestricted net position was (\$23.2) million, net investment in capital assets was \$20.2 million, and restricted net position was \$40.5 million. A Comparative analysis of government-wide statement of net position is presented in Table 1.

The District's net position increased \$.6 million this fiscal year (See Table 2). The District's expenses for instructional and pupil services represented 77% of total expenses. The administrative activities of the District accounted for just 8% of total costs. The remaining 15% was spent in the areas of plant services and other expenses. (See Figure 2)

GOVERNMENTAL ACTIVITIES

As reported in the Statement of Activities, the cost of all of the District's governmental activities this year was \$61.3 million. The amount that our local taxpayers financed for these activities through property taxes was \$6.8 million. Federal and State aid not restricted to specific purposes totaled \$45.1 million. Operating grants and contributions revenue was \$8.4 (See Figure 1).

FINANCIAL ANALYSIS OF THE FUND STATEMENTS

The fund financial statements focus on individual parts of the District's operations in more detail than the government-wide statements. The District's individual fund statements provide information on inflows and outflows and balances of spendable resources. The District's Governmental Funds reported a combined fund balance of \$41.9 million, a decrease of \$8.5 million from the previous fiscal year's combined ending balance of \$50.4 million.

General Fund Budgetary Highlights

Over the course of the year, the District revised the annual operating budget regularly. The significant budget adjustments fell into the following categories:

- Budget revisions to the adopted budget required after approval of the State budget.
- Budget revisions to update revenues to actual enrollment information and to update expenditures for staffing adjustments related to actual enrollments.
- Other budget revisions are routine in nature, including adjustments to categorical revenues and expenditures based on final awards, and adjustments between expenditure categories for school and department budgets.

The final revised budget for the General Fund reflected a net decrease to the ending balance of \$4.1 million.

The District ended the year with a \$1.6 million decrease to the general fund ending balance. The State recommends available reserves of 3% of District expenditures.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The District has a broad range of capital assets, including school buildings, administrative buildings, site improvements, vehicles, and equipment. Table 3 demonstrates a comparative Schedule of Capital Assets.

(Table 3)

Compensated Absences	214,864	288,641	73,777	34%
Total	\$ 96,722,369	\$ 99,640,321	\$ 2,917,952	52%

FACTORS BEARING ON THE DISTRICT'S FUTURE

The State's economic downturns and surpluses impact the District's fiscal future dramatically. The financial well-being of the District is tied in large measure to the state funding formula called the Local Control Funding Formula (LCFF).

The latest enrollment projections indicate a slight decrease in enrollment for the District over the next two school years. Student enrollment and attendance are primary factors in the computation of most funding formulae for public schools in the State of California. While Average Daily Attendance (ADA) is not budgeted until realized in the Spring, potential future growth is possible if attendance barriers are controlled and the District focuses on improving student attendance. The District's student attendance remains the focal point of every budget report.

To address the impact of COVID-19 on ADA, the State will provide LCFF apportionments for 2020-21 based on the 2019-20 P-2 ADA. Senate Bill 117 was approved to established the new P-2 attendance timeframe in 2019-20 to be July 1, 2019 through February 29, 2020. The "hold harmless" provision within SB 117 means the State will use prior year P-2 ADA (for the District this is 3,999.79 ADA) to provide State Revenues in 2020-21 and 2021-22. The District's LCFF accounts for **97.6%** of the total Unrestricted General Fund dollars.

Given this "hold harmless" on ADA, it still means the District must generate attendance records in 2020-21 and 2021-22 in order to meet State compulsory attendance requirements. Also, attendance accounting must be taken to report how students are engaged in instruction.

Currently, the Central Union High School District is providing instruction using a distance learning model. All students are currently receiving instruction on-line using Google Meet or Google Classroom. The District will move into a hybrid model (part in-person and part distance learning) when it is safer to do so based on Center for Disease Control (CDC), State guidance and local Public Health direction.

In order to stabilize the economy, the Federal Government approved the Coronavirus Aid, Relief and Economic Security (CARES) Act. Federal funds were provided to States to hedge the impact of COVID-19 on staff, assistance with costs of purchasing Personal Protective Equipment (PPE), disinfectant supplies, and other measures to fight the spread of the Coronavirus. The District received a total of approximately \$5.3 million in first round of the CARES Act. In addition, the District is to receive a second allocation of Elementary and Secondary School Emergency Relief Fund (ESSER II) which is projected to be received in the 2020-21 fiscal year.

The Central Union High School District Board of Trustees has prioritized the modernization and capital improvements of its facilities. Annually, the Board approves by resolution a Facility Improvement Plan/On-going Major Maintenance Plan to address facility needs. The District spent over \$2.5 million and \$1.5 million in 2019-20 and 2020-21, respectfully. The District plans on spending approximately \$2 million in 2021-22.

In addition, the District's community approved the Measure K General Obligation Bond for \$30 million which is currently being used to construct the new Science, Technology, Engineering and Math (STEM) Building at Central Union High School. This new State-of-the-Art facility, which is projected to be completed in June, 2021, will bring much needed opportunities to the students of the Central Union High School District. It is also anticipated to draw in students who wish to participate in cutting-edge technology.

Although the COVID-19 pandemic greatly affected student learning and has brought many issues surrounding in-person learning, the District team will meet the needs of our students by utilizing the funds necessary to overcome lost learning and enhancing opportunities for generations to come.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, parents, investors, and creditors with a general over view of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, please contact the business office, at Central Union High School District, 351 W Ross Ave, El Centro, California 92243.

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position June 30, 2021

Total fund balances governmental funds:

\$ 44,641,637

Amounts reported for assets, deferred outflows of resources, liabilities, and deferred inflows of resources for governmental activities in the statement of net position are different from amounts reported in governmental funds because:

Capital assets: In governmental funds, only current assets are reported. In the statement of net position, all assets are reported, including capital assets and accumulated depreciation.

Capital assets relating to governmental activities, at historical cost
Accumulated depreciation

147,718,484
(52,577,046)

Net 95,141,438

Unmatured interest on long-term debt: In governmental funds, interest on long-term debt is not recognized until the period in which it matures and is paid. In the government-wide statement of activities, it is recognized in the period that it is incurred. The additional liability for unmatured interest owing at the end of the period was:

(476,261)

Long-term liabilities: In governmental funds, only current liabilities are reported. In the statement of net position, all liabilities, including long-term liabilities, are reported. Long-term liabilities relating to governmental activities consist of:

Net pension liability	53,573,179	
Compensated absences	177,574	
	Total	(98,258,058)

Deferred gain or loss on debt refunding: In the government wide financial statements deferred gain or loss on debt refunding is recognized as a deferred outflow of resources (for a loss) or a deferred inflow of resources (for a gain) and subsequently amortized over the life of the debt. Deferred gain or loss on debt refunding recognized as a deferred outflow of resources or deferred inflow of resources on the statement of net position was:

253,720

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position, Continued June 30, 2021

Deferred outflows and inflows of resources relating to pensions: In governmental funds, deferred outflows and inflows of resources relating to pensions are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources relating to pensions are reported.

Deferred outflows of resources relating to pensions	12,412,133

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2021

Total change in fund balances, governmental funds:

\$ 2,073,904

Amounts reported for governmental activities in the statement of activities are different from amounts reported in governmental funds because:

Capital outlay: In governmental funds, the costs of capital assets are reported as expenditures in the period when the assets are acquired. In the statement of activities, costs of capital assets are allocated over their estimated useful lives as depreciation expense. The difference between capital outlay expenditures and depreciation expense for the period is:

Expenditures for capital outlay	14,041,967
Depreciation expense	(3,487,289)
	Net

10,554,678

Debt service: In governmental funds, repayments of long-term debt are reported as expenditures. In the government-wide statements, repayments of long-term debt are reported as reductions of liabilities. Expenditures for repayment of the principal portion of long-term debt were:

1,340,000

Unmatured interest on long-term debt: In governmental funds, interest on long-term debt is recognized in the period that it becomes due. In the government-wide statement of activities, it is recognized in the period that it is incurred. Unmatured interest owing at the end of the period, less matured interest paid during the period but owing from the prior period was:

7,557

Compensated absences: In governmental funds, compensated absences are measured by the amounts paid during the period. In the statement of activities, compensated absences are measured by the amounts earned. The difference between compensated absences paid and compensated absences earned was:

111,067

Pensions: In governmental funds, pension costs are recognized when employer contributions are made. In the statement of activities, pension costs are recognized on the accrual basis. This year, the difference between accrual-basis pension costs and actual employer contributions was:

(1,029,351)

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities, Continued For the Year Ended June 30, 2021

Other postemployment benefits (OPEB): In governmental funds, OPEB expenses are recognized when employer OPEB contributions are made. In the statement of activities, OPEB expenses are recognized on the accrual basis. This year the difference between OPEB expenses and actual employer OPEB contributions was:

(774,043)

Amortization of debt issue premium or discount or deferred gain or loss from debt refunding: In governmental funds, if debt is issued at a premium or at a discount, the premium or discount is recognized as an Other Financing Source or an Other Financing Use in the period it is incurred. In the government-wide statements, the premium or discount, plus any deferred gain or loss from debt refunding, is amortized as interest over the life of the debt. Amortization of debt issue premium or discount, or deferred gain or loss from debt refunding for the period is:

22,524

Change in net position of governmental activities:

\$ 12,306,336

Notes to the Financial Statements For the Year Ended June 30, 2021

A. Summary of Significant Accounting Policies

Central Union High School District (District) accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

1. Reporting Entity

The District operates under a locally elected Board of Education form of government and provides educational services to grades 9-12 as mandated by the state. A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments and agencies that are not legally separate from the District. For the District, this includes general operations, capital facilities funds, debt service funds, and student-related activities.

2. Component Units

Component units are legally separate organizations for which the District is financially accountable. Component units may also include organizations that are fiscally dependent on the District in that the District approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the District is not financially accountable but the nature and significance of the organization's relationship with the District is such that exclusion would cause the District's financial statements to be misleading or incomplete. The District has no component units. Additionally, the District is not a component unit of any other reporting entity as defined by GASB.

3. Basis of Presentation

Government-Wide Statements. The statement of net position and the statement of activities display information about the primary government (the District). These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenue, and other non-exchange transactions.

The statement of activities presents a comparison between direct expenses and program revenue for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reserved for the statement of activities. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting of operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from general revenues of the District.

Notes to the Financial Statements, Continued June 30, 2021

Fund Financial Statements. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category – governmental and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

Governmental funds are used to account for activities that are governmental in nature. Governmental activities are typically tax-supported and include education of pupils, operation of food service programs, construction and maintenance of school facilities, and repayment of long-term debt.

Fiduciary funds are used to account for assets held by the District in a trustee or agency capacity for others that cannot be used to support the District's own programs.

Major Governmental Funds

The District reports the following major governmental funds:

General Fund: The general fund is the primary operating fund of the District. It is used to account for all activities except those that are required to be accounted for in another fund.

Building Fund: This fund exists primarily to account separately for proceeds from the sale of bonds (*Education Code §15146*) and may not be used for any purposes other than those for which the bonds were issued. Other authorized revenues to the Building Fund are proceeds from the sale or lease-with-option-to-purchase of real property (*Education Code §17462*) and revenue from rentals and leases of real property specifically authorized for deposit into the fund by the governing board (*Education Code §41003*).

Special Reserve Fund for Capital Outlay Projects: This fund exists primarily to provide for the accumulation of general fund moneys for capital outlay purposes (*Education Code §42840*). This fund may also be used to account for any other revenues specifically for capital projects that are not restricted to other capital projects funds. Other authorized resources that may be deposited into this fund are proceeds from the sale or lease-with-option-to-purchase of real property (*Education Code §17462*) and rentals and leases of real property specifically authorized for deposit into the fund by the governing board (*Education Code§41003*).

Notes to the Financial Statements, Continued June 30, 2021

Non-Major Governmental Funds

The District reports the following non-major governmental funds categorized by the fund type:

Special Revenue Funds: Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The District maintains the following nonmajor special revenue funds:

Associated Student Body Fund: This fund is used to account separately for the activities of associated student body organizations operated by the District.

Adult Education Fund: This fund is used to account separately for federal, state, and local revenues that are restricted or committed for adult education programs.

Cafeteria Special Revenue Fund: This fund is used to account separately for federal, state, and local resources to operate the food service program (*Education Code §38091 through §38093*). The Cafeteria Special Revenue Fund shall be used only for those expenditures authorized by the governing board as necessary for the operation of the District's food service program (*Education Code §38091 and §38100*).

Capital Projects Funds: Capital projects funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds). The District maintains the following nonmajor capital projects fund:

Capital Facilities Fund: The Capital Facilities Fund is used primarily to account separately for moneys received from fees levied on developers or other agencies as a condition of approving a development (Education Code §17620 through §17626). The authority for these levies may be county or city ordinances (Government Code §65970 through §65981) or private agreements between the District and the developer. All funds, including interest earned, are restricted to the purposes specified in Government Code §65970 through §65981 or Government Code §65995, or items specified in agreements with the developer (Government Code §66006).

County School Facilities Fund: This fund is established pursuant to *Education Code §17070.43* to receive apportionments from the 1998 State School Facilities Fund (Proposition 1A), the 2002 State School Facilities Fund (Proposition 47), the 2004 State School Facilities Fund (Proposition 55), the 2006 State School Facilities Fund (Proposition 1D) or the 2016 State School Facilities Fund (Proposition 51). The fund is used primarily to account for new school facility construction, modernization projects, and facility hardship grants as provided in the Leroy F. Green School Facilities Act of 1998 (*Education Code §17070.10 et seg.*).

Debt Service Funds: Debt service funds are established to account for the accumulation of resources for and the payment of principal and interest on general long-term debt. The District maintains the following nonmajor debt service funds:

Bond Interest and Redemption Fund: The bond interest and redemption fund is used for the repayment of bonds issued for the District (*Education Code §15125 through §15262*). The County of Imperial Auditor maintains control over the District's Bond Interest and Redemption Fund. The principal and interest on the bonds must be paid by the County Treasurer from taxes levied by the County Auditor-Controller.

Notes to the Financial Statements, Continued June 30, 2021

4. <u>Basis of Accounting – Measurement Focus</u>

Government-Wide and Fiduciary Financial Statements. The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. The governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds from general long-term debt and acquisitions under capital leases are reported as other financing sources.

When the District incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the District's policy to use restricted resources first, then unrestricted resources.

5. Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid or at year end, whichever is sooner.

Notes to the Financial Statements, Continued June 30, 2021

6. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. By state law, the District's governing board must adopt a final budget no later than July 1st. A public hearing must be conducted to receive comments prior to adoption. The District's governing board has satisfied these requirements.

These budgets are revised by the District's governing board and district superintendent during the year to give consideration to unanticipated income and expenditures.

Formal budgetary integration was used as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts.

7. Revenues and Expenses

a. Revenues – Exchange and Non-Exchange

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or expected to be collected soon enough thereafter, to be used to pay liabilities of the current fiscal year. Generally, available is defined as collectible within 60 days. However, to achieve comparability of reporting among California districts and so as to not distort normal revenue patterns, with specific respect to reimbursement grants and corrections to State-aid apportionments, the California Department of Education has defined available for districts as collectible within one year. The following revenue sources are considered to be both measurable and available at fiscal year-end: State apportionments, property taxes, interest, certain grants, and other local sources.

Non-exchange transactions are transactions in which the District receives value without directly giving equal value in return, including property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose restrictions. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Notes to the Financial Statements, Continued June 30, 2021

b. <u>Expenses/Expenditures</u>

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable, and typically paid within 90 days. Principal and interest on long-term obligations, which has not matured, are recognized when paid in the governmental funds as expenditures. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds but are recognized in the government-wide financial statements.

8. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Fund Balance and Net Position</u>

a. Deposits and Investments

Cash balances held in banks and in revolving funds are insured to \$250,000 by the Federal Depository Insurance Corporation (FDIC). All cash held by the financial institutions is fully insured or collateralized. For purposes of the statement of cash flows, highly liquid investments are considered to be cash equivalents if they have a maturity of three months or less when purchased.

In accordance with Education Code §41001, the District maintains substantially all its cash in the Imperial County Treasury. The county pools these funds with those of other districts in the county and invests the cash. These pooled funds are carried at cost, which approximates market value. Interest earned is deposited quarterly into participating funds, except for the Tax Override Funds, in which interest earned is credited to the general fund. Any investment losses are proportionately shared by all funds in the pool.

The county is authorized to deposit cash and invest excess funds by California Government Code §53648 et seq. The funds maintained by the county are either secured by federal depository insurance or are collateralized.

Information regarding the amount of dollars invested in derivatives with Imperial County Treasury was not available.

b. Stores Inventories and Prepaid Expenditures

Inventories are recorded using the purchases method in that the cost is recorded as an expenditure at the time individual inventory items are purchased. Inventories are valued using the first-in/first-out (FIFO) method and consist of expendable supplies held for consumption. Reported inventories are equally offset by a non-spendable fund balance designation, which indicates that these amounts are not "available for appropriation and expenditure" even though they are a component of net current assets.

The District has the option of reporting an expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditures during the benefiting period.

Notes to the Financial Statements, Continued June 30, 2021

c. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of \$5,000 is used.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

	Estimated
Asset Class	Useful Life
Buildings & Improvements	20 - 50 Years
Land Improvements	10 - 25 Years
Equipment	5 - 15 Years

d. <u>Compensated Absences</u>

Accumulated unpaid employee vacation benefits are recognized as liabilities of the District. The balance of the liabilities is recognized in the government-wide financial statements at year end.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

e. Unearned Revenue

Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the occurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the combined balance sheet and revenue is recognized.

f. Interfund Activity

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers in and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net position.

Notes to the Financial Statements, Continued June 30, 2021

g. Fund Balances – Governmental Funds

Fund balances of the governmental funds are classified as follows:

Nonspendable Fund Balance represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid items) or legally required to remain intact (such as revolving cash accounts or principal of a permanent fund).

Restricted Fund Balance represents amounts that are subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations, or may be imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance represents amounts that can only be used for a specific purpose because of a formal action by the District's governing board. Committed amounts cannot be used for any other purpose unless the governing board removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the governing board. Commitments are typically done through adoption and amendment of the budget or resolution. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the governing board or by an official or body to which the governing board delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service, or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund convey that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the District itself.

Unassigned Fund Balance represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

Notes to the Financial Statements, Continued June 30, 2021

h. Minimum Fund Balance Policy

The District has adopted a policy to maintain a minimum economic uncertainty reserve of at least 3% of the total general fund expenditures and other financing uses. The reserve may be increased from time to time in order to address specific anticipated revenue or cash flow shortfalls. The primary purpose of this reserve is to avoid the need for service level reductions in the event of economic downturn. The District is committed to maintaining a prudent level of financial resources to protect against the need to reduce service levels because of temporary revenue shortfalls or unpredicted expenditures. Because amounts in the nonspendable, restricted, committed, and assigned categories are subject to varying constraints in use, the Reserve for Economic Uncertainties consists of balances that are otherwise unassigned.

i. GASB 54 Fund Presentation

GASB Statement No. 54 defines a special revenue fund as a fund that has a special revenue source that is either restricted or committed to the financing of particular activities, that compose a substantial portion of the inflows of the fund, and that are reasonably expected to continue. The Deferred Maintenance Fund (Fund 14), the Special Reserve Fund for Other Than Capital Outlay (Fund 17), and the Special Reserve Fund for Other Postemployment Benefits (Fund 20) do not have continuing revenue sources that are either restricted or committed in nature. As such these funds do not meet the definition of special revenue funds under the provisions of GASB Statement No. 54. These funds have been combined with the general fund for reporting purposes.

j. <u>Deferred Inflows and Deferred Outflows of Resources</u>

Deferred outflows of resources is a consumption of net position that is applicable to a future reporting period. Deferred inflows of resources is an acquisition of net position that is applicable to a future reporting period. Deferred outflows of resources and deferred inflows of resources are recorded in accordance with GASB Statement numbers 63 and 65.

9. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources relating to pension, deferred inflows of resources relating to pension, and pension expense, information about the fiduciary net position of the CalPERS Schools Pool Cost-Sharing Multiple-Employer Plan (CalPERS Plan) and CalSTRS Schools Pool Cost-Sharing Multiple Employer Plan (CalSTRS Plan), and additions to/deductions from the CalPERS Plan and CalSTRS Plan fiduciary net positions have been determined on the same basis as they are reported by the CalPERS Financial Office and CalSTRS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain timeframes. For this report, the following time frames are used:

Valuation Date June 30, 2019 Measurement Date June 30, 2020

Measurement Period July 1, 2019 to June 30, 2020

Notes to the Financial Statements, Continued June 30, 2021

10. Postemployment Benefits Other than Pensions (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources related to OPEB and deferred inflows of resources related to OPEB, and OPEB expense have been determined by an independent actuary. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms.

Generally accepted accounting principles require the reported results must pertain to liability and asset information within certain defined timeframes. For this report the following timeframes are used:

Valuation Date June 30, 2019 Measurement Date June 30, 2020

Measurement Period July 1, 2019 to June 30, 2020

11. Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County Auditor-Controller bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

12. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

13. Fair Value Measurements

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles as defined by Governmental Accounting Standards Board (GASB) Statement No. 72. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The hierarchy is detailed as follows:

Level 1 Inputs: Quoted prices (unadjusted) in active markets for identical assets or liabilities

that a government can access at the measurement date.

Level 2 Inputs: Inputs other than quoted prices included within Level 1 that are observable for

an asset or liability, either directly or indirectly.

Level 3 Inputs: Unobservable inputs to an asset or liability.

Notes to the Financial Statements, Continued June 30, 2021

14. New Accounting Pronouncements

The District has adopted accounting policies compliant with new pronouncements issued by the Government Accounting Standards Board (GASB) that are effective for the fiscal year ended June 30, 2021. Those newly implemented pronouncements are as follows:

Description	Date Issued
GASB Statement 84, Fiduciary Activities	01/2017
GASB Statement 90, Majority Equity Interest – an amendment of GASB Statements 14 and 61	08/2018
GASB Statement 93, Replacement of Interbank Offered Rates	03/2020
GASB Implementation Guide No. 2019-1, Implementation Guidance Update – 2019	04/2019
GASB Implementation Guide No. 2019-2, Fiduciary Activities	06/2019

The implementation of new accounting guidelines resulted in the following changes during the fiscal year ended June 30, 2021:

Associated Student Body Funds were previously accounted for as fiduciary funds. It was determined
by the District, as a result of applying definitions in GASB Statement No. 84, that the funds are
governmental rather than fiduciary. The District established a special revenue fund to account for
these activities.

Implementation of these standards did not result in any additional changes to financial accounting or reporting for the District.

B. Compliance and Accountability

1. Finance Related Legal and Contractual Provisions

In accordance with GASB Statement No. 38, "Certain Financial Statement Note Disclosures", violations of finance-related legal and contractual provisions, if any are reported below, along with actions taken to address such violations:

Violation	Action Taken
None Reported	Not Applicable

2. Deficit Fund Balance or Fund Net Position of Individual Funds

The following funds are funds having deficit fund balances or fund net position at year end, if any, along with remarks which address such deficits:

	Deficit	
Fund Name	Amount	Remarks
None	Not Applicable	Not Applicable

Notes to the Financial Statements, Continued June 30, 2021

C. Fair Value Measurements

The District's investments at June 30, 2021, categorized within the fair value hierarchy established by generally accepted accounting principles, were as follows:

		Fair Value Measurement Using					
		Significant					
		Quoted Prices in Other Significant					
		Active Markets	Unobservable				
		for Identical	Inputs	Inputs			
	Amount	Assets (Level 1)	(Level 2)	(Level 3)			
External investment pools measured at fair value							
Imperial County Treasury	\$ 43,112,335	\$ -	\$ 43,112,335	\$ -			
Total investments by fair value level	\$ 43,112,335	\$ -	\$ 43,112,335	\$ -			

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code §41001). The fair value of the District's investments in the pool is reported in the accounting financial statements as amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of the portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

The Imperial County Treasury is not registered with the Securities and Exchange Commission (SEC) as an investment company; however, the County Treasury acts in accordance with investment policies monitored by a Treasury Oversight Committee consisting of members appointed by participants in the investment pool and up to five members of the public having expertise, or an academic background in, public finance. In addition, the County Treasury is audited annually by an independent auditor.

D. Cash and Investments

As of June 30, 2021, the District held the following cash and cash equivalents:

	 General Fund	Building Fund	Fun	cial Reserve d for Capital day Projects	Nonmajor overnmental Funds	Total
Cash in County Treasury	\$ 22,408,549	\$ 10,447,956	\$	1,006,184	\$ 8,913,076	\$ 42,775,765
FMV Adjustment	176,316	82,207		7,917	70,130	336,570
Cash in Bank and in Revolving Fund	75,000			<u> </u>	 558,423	633,423
Total Cash and Cash Equivalents	\$ 22,659,865	\$ 10,530,163	\$	1,014,101	\$ 9,541,629	\$ 43,745,758

Notes to the Financial Statements, Continued June 30, 2021

1. Cash in County Treasury

In accordance with Education Code §41001, the District maintains substantially all of its cash in the Imperial County Treasury as part of the common investment pool (\$42,775,765 as of June 30, 2021). The fair value of the District's portion of this pool as of that date, as provided by the pool sponsor, was \$43,112,335. Assumptions made in determining the fair value of the pooled investment portfolios are available from the County Treasurer.

2. Cash on Hand, In Banks, and in Revolving Fund

Cash balances on hand and in banks (\$558,423 as of June 30, 2021) and in revolving fund (\$75,000 as of June 30, 2021) are insured up to \$250,000 by the Federal Depository Insurance Corporation (FDIC).

3. Investments Authorized by the California Government Code and the District's Investment Policy

The table below identifies the investment types that are authorized for the District by the California Government Code (or the District's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the District's investment policy where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the District, rather than the general provisions of the California Government Code or the District's investment policy.

Maximum	Maximum	Maximum
Remaining	Percentage of	Investment in
Maturity	Portfolio	One Issuer

Notes to the Financial Statements, Continued June 30, 2021

4. Analysis of Specific Deposit and Investment Risks

GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The county treasury is restricted by Government Code §53635 pursuant to §53601 to invest only in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The ratings of securities by nationally recognized rating agencies are designed to give an indication of risk.

At June 30, 2021, credit risk for the District's investments was as follows:

Annlicable ¢	43,112,335
/	Applicable \$

b. <u>Custodial Credit Risk</u>

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the District's name.

At June 30, 2021, the District's bank balances exceeded FDIC limitations by \$308,423 and as such were exposed to custodial credit risk.

Notes to the Financial Statements, Continued June 30, 2021

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government Code. Investments in any one issuer that represent five percent or more of the total investments are either an external investment pool and are therefore exempt. As such, the District was not exposed to concentration of credit risk.

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District maintains pooled investments with the Imperial County Treasury with a fair value of \$43,112,235. The average weighted maturity for this pool was 462 days at June 30, 2021.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

5. Investment Accounting Policy

The District is required by GASB Statement No. 31 to disclose its policy for determining which investments, if any, are reported at amortized cost. The District's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

The District's investments in external investment pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is a 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission (SEC) as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

Notes to the Financial Statements, Continued June 30, 2021

E. Accounts Receivable

There are no significant receivables which are not scheduled for collection within one year of year end. Accounts receivable balances as of June 30, 2021, consisted of:

M. Long Term Obligations

1. Long-Term Obligation Activity

Long-term obligations include debt and other long-term liabilities. Changes in long-term obligations for the year ended June 30, 2021, are as follows:

	Beginning Balance	Increases	Decreases	Ending Balance	Due Within One Year
Governmental Activities:					
General Obligation Bonds	\$ 32,733,178	\$ -	\$ 1,413,577	\$ 31,319,601	\$ 816,581
Total OPEB Liability	11,665,958	1,521,746	-	13,187,704	-
Net Pension Liability	54,952,544	-	1,379,365	53,573,179	-
Compensated Absences*	288,641		111,067	177,574	177,574
Total Governmental Activities	\$ 99,640,321	\$ 1,521,746	\$ 2,904,009	\$ 98,258,058	\$ 994,155

^{*}Other long-term liabilities

- Payments for general obligation bonds are made from the bond interest and redemption fund.
- Payments for compensated absences are made from the general fund, the adult education fund, and the cafeteria fund.
- Payments for pension contributions are made from the general fund, the adult education fund, and the cafeteria fund.
- Payments for OPEB contributions are made from the general fund, the adult education fund, and the cafeteria fund.

2. General Obligation Bonds

The District's bonded debt consists of various issues of general obligation bonds that are generally callable with interest payable semiannually. Bond proceeds pay primarily for acquiring or constructing capital facilities. The District repays general obligation bonds from voter-approved property taxes.

On June 7, 2016 registered voters authorized the issuance of \$30,000,000 principal amount of general obligation bonds. Of the total amount originally authorized, no amounts remain unissued.

General obligation bonds for the fiscal year ended June 30, 2021 consisted of the following:

	Date of Issue	Interest Rate	Maturity Date	Amount of Original Issue
2011 Refunding Bonds	11/17/11	2.00 - 4.00%	08/01/24	\$ 9,165,000
2016 Refunding Bonds	11/17/16	2.00 - 4.00%	08/01/26	2,480,000
2016 Election, Series A	11/17/16	2.00 - 4.00%	08/01/26	12,000,000
2016 Election, Series B	04/18/19	1.375 - 5.00%	08/01/49	18,000,000
Total GO Bonds				\$ 41,645,000

Notes to the Financial Statements, Continued June 30, 2021

	Beginning Balance	Inc	reases	<u>D</u>	Decreases	 Ending Balance	 ne Within
2011 Refunding Bonds

2037-2041	5,295,00	3,974,309	9,269,309
2042-2046	7,980,00	2,796,599	10,776,599
2047-2051	8,955,00	741,600	9,696,600
Total	\$ 29,555,00	\$ 22,807,823	\$ 52,362,823

Premium

Bond premium arises when the market rate of interest is higher than the stated interest rate on the bond. Generally Accepted Accounting Principles (GAAP) require that the premium increase the face value of the bond and then amortize the premium over the life of the bond.

Effective interest on general obligation bonds issued at a premium are as follows:

	2011			2016 201		016 Election	20	2016 Election Series B	
	R	Refunding	R	Refunding		Series A			
Total Interest Payments	\$	1,578,251	\$	279,286	\$	10,233,199	\$	16,300,364	
Less Bond Premium		(331,433)		(149,271)		(803,285)		(1,013,512)	
Net Interest Payments		1,246,818		130,015		9,429,914		15,286,852	
PAR Amount of Bonds		9,165,000		2,480,000		12,000,000		18,000,000	
Periods		14		10		30		30	
Effective Interest Rate		0.97%		0.52%		2.62%		2.83%	

Notes to the Financial Statements, Continued June 30, 2021

3. Compensated Absences

Total unpaid employee compensated absences as of June 30, 2021 amounted to \$177,574. This amount is included as part of long-term liabilities in the government-wide financial statements.

4. Net Pension Liability

The District's beginning net pension liability was \$54,952,544 and decreased by \$1,379,365 during the year ended June 30, 2021 for an ending net pension liability of \$53,573,179. See Note N for additional information regarding the net pension liability.

5. Total OPEB Liability

The Districts beginning total OPEB liability was \$11,665,958 and increased during the year ended June 30, 2021 by \$1,521,746. The ending total OPEB liability at June 30, 2021 was \$13,187,704. See Note O for additional information regarding the total OPEB liability.

Notes to the Financial Statements, Continued June 30, 2021

N. Pension Plans

1. General Information about the Pension Plans

a. Plan Descriptions

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and Local Government resolution. Support by the State for the CalSTRS plan is such that the plan has a special funding situation as defined by GASB Statement No. 68. CalSTRS and CalPERS issue publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on their respective websites.

b. Benefits Paid

CalSTRS and CalPERS provide service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at 62 for normal benefits or at age 55 with statutorily reduced benefits. Employees hired prior to January 1, 2013 are eligible to retire at age 60 for normal benefits or at age 55 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. All members are eligible for death benefits after one year of total service.

The Plan's provisions and benefits in effect at June 30, 2021 are summarized as follows:

	CalSTRS		
	Before	After	
Hire Date	Jan. 1, 2013	Jan. 1, 2013	
Benefit Formula	2% at 60	2% at 62**	
Benefit Vesting Schedule	5 Years	5 Years	
Benefit Payments	Monthly for life	Monthly for life	
Retirement Age	55-60	55-62	
Monthly Benefits as a % of Eligible Compensation	1.1 - 2.4%	1.0 - 2.4%*	
Required Employee Contribution Rates (2020-21)	10.250%	10.205%	
Required Employer Contribution Rates (2020-21)	16.150%	16.150%	
Requried State Contribution Rates (2020-21)	10.328%	10.328%	

^{*}Amounts are limited to 120% of Social Security Wage Base.

^{**}The contribution rate for CalSTRS 2% at 62 members is based, in part, on the normal cost of benefits and may increase or decrease in future years.

Notes to the Financial Statements, Continued June 30, 2021

Requried State Contribution Rates (2020-21)	20.700%	20.700%	

^{*}Amounts are limited to 120% of Social Security Wage Base

c. Contributions

CalSTRS

For the fiscal year ended June 30, 2021, California Education Code §22950 requires members to contribute monthly to the system 10.205% (if hired on or after January 1, 2013) or 10.25% (if hired before January 1, 2013) of the creditable compensation upon which members' contributions under this part are based. In addition, the employer required rates established by the CalSTRS board have been established at 16.15% of creditable compensation for the fiscal year ended June 30, 2021. Rates are defined in Education Code §22950.5 through the fiscal year ending June 30, 2021. Beginning in the fiscal year ending on June 30, 2022, and for each fiscal year thereafter, the CalSTRS Board has the authority to increase or decrease percentages paid specific to reflect the contribution required to eliminate by June 30, 2046, the remaining unfunded actuarial obligation with respect to service credited to members before July 1, 2014, as determined by the Board based upon a recommendation from its actuary. Those adjustments are limited to 1% annually, not to exceed 20.25% of creditable compensation. For 2020-21, the employer rate reflects a 2.95% reduction from the rate that was originally required in the funding plan.

CalPERS

California Public Employees' Retirement Law §20814(c) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. The CalPERS Board retains the authority to amend contribution rates. The total plan contributions are determined through CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of the employees. For the fiscal year ended June 30, 2021, the employee contribution rate was 7.00% and the employer contribution rate was 20.700% of covered payroll. For 2020-21, the employer rate reflects a 1.98% reduction from the rate originally adopted by the board on April 21, 2020, due to an amendment of Government Code §20825.2.

Notes to the Financial Statements, Continued June 30, 2021

On Behalf Payments

Consistent with California Education Code §22955.1, the State of California makes contributions to CalSTRS on behalf of employees working for the District. For the fiscal year ended June 30, 2021 the State contributed 10.328% of salaries creditable to CalSTRS. Consistent with the requirements of generally accepted accounting principles, the District has recorded these contributions as revenue and expense in the fund financial statements (current financial resources measurement focus). The government-wide financial statements have recorded revenue and expense for pension expense paid on behalf of the District (economic resources measurement focus). Contributions reported for on behalf payments are based on the District's proportionate share of the States contribution for the fiscal year. Contributions made by the state on behalf of the District and the State's pension expense associated with District employees for the past three fiscal years are as follows:

CalSTRS								
	On Behalf	On Behalf	On Behalf					
Year Ended	Contribution	Contribution	Pension					
June 30,	Rate	Amount	Expense					
	·							
2019	9.828%	\$ 3,389,042	\$ (655,094)					
2020	10.328%	2,460,845	777,900					
2021	10.328%	2,620,579	1,706,726					
	Call	PERS						
	On Behalf	On Behalf	On Behalf					
Year Ended	Contribution	Contribution	Pension					
June 30,	Rate	Amount	Expense					
2019	N/A	\$ 634,712	N/A					

The contributions made by the State during the fiscal year ended June 30, 2019, included amounts resulting from Senate Bill (SB) 90 settlement in which the State contributed an additional \$2.2 Billion to CalSTRS and \$904 Million to CalPERS during the 2018-19 fiscal year in order to reduce employer contribution rates in 2019-20 and 2020-21. In addition, the State contributed an additional \$1.1 Billion to CalSTRS during the 2019-20 fiscal year and \$297 Million to CalSTRS during the 2020-21 fiscal year as a continuing settlement associated with SB90.

Notes to the Financial Statements, Continued June 30, 2021

d. Contributions Recognized

For the fiscal year ended June 30, 2021 (measurement period June 30, 2020), the contributions recognized for each plan were:

	Governmental Fund Financial Statements						
	(Current Financial Resources Measurement Focus)						
	CalSTRS		CalPERS			Total	
Contributions - Employer	\$	4,182,937	\$	1,763,369	\$	5,946,306	
Contributions - State On Behalf Payments		2,620,579		_		2,620,579	
Total Governmental Funds	\$	6,803,516	\$	1,763,369	\$	8,566,885	
	Government-Wide Financial Statements (Economic Resources Measurement Focus)						
	CalSTRS CalPERS			Total			
Contributions - Employer Contributions - State On Behalf Payments	\$	4,074,404 -	\$	1,600,123	\$	5,674,527 -	
Total Government-Wide	\$	4,074,404	\$	1,600,123	\$	5,674,527	

2. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2020 (measurement date) the District reported net pension liabilities for its proportionate share of the net pension liability of each plan as follows:

	Proportionate Share of the Net Pension Liability							
	CalSTRS	CalPERS	Total					
Governmental Activities	\$ 36,494,979	\$ 17,078,200	\$ 53,573,179					

Notes to the Financial Statements, Continued June 30, 2021

The District's net pension liability for each Plan is measured as the proportionate share of the total net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2020. The total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 rolled forward to measurement date June 30, 2020 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, as actuarially determined.

The District's proportionate share of the net pension liability for each Plan as of June 30, 2020 and June 30, 2021 were as follows:

		CalPERS		
	District's	State's	Total For	District's
	Proportionate	Proportionate	District	Proportionate
	Share	Share*	Employees	Share
Governmental Activities				
Proportion June 30, 2020	0.0425%	0.0300%	0.0725%	0.0568%
Proportion June 30, 2021	0.0377%	0.0268%	0.0645%	0.0557%
Change in Proportion	-0.0048%	-0.0032%	-0.0080%	-0.0011%

^{*}Represents State's Proportionate Share on behalf of District employees.

a. Pension Expense

Governmental Activities			
CalSTRS	CalPERS	Total	
\$ (1,897,219)	\$ 517,854	\$ (1,379,365)	
1,706,726	-	1,706,726	
4,182,937	1,763,369	5,946,306	
(108,533)	(163,246)	(271,779)	
1,102,103	1,578,392	2,680,495	
\$ 4,986,014	\$ 3,696,369	\$ 8,682,383	
	CalSTRS \$ (1,897,219) 1,706,726 4,182,937 (108,533) 1,102,103	CalSTRS CalPERS \$ (1,897,219) \$ 517,854 1,706,726 - 4,182,937 1,763,369 (108,533) (163,246) 1,102,103 1,578,392	

Notes to the Financial Statements, Continued June 30, 2021

b. <u>Deferred Outflows and Inflows of Resources</u>

At June 30, 2021, The District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources					
	(CalSTRS	(CalPERS		Total
Governmental Activities		_		_		_
Pension contributions subsequent to measurement date	\$	4,182,937	\$	1,763,369	\$	5,946,306
Differences between actual and expected experience		57,701		932,368		990,069
Changes in assumptions		2,740,965		75,591		2,816,556
Changes in employer's proportionate share		1,160,748		344,298		1,505,046
Net difference between projected and actual earnings		791,622		362,534		1,154,156
Total Deferred Outflows of Resources	\$	8,933,973	\$	3,478,160	\$	12,412,133
	Deferred Inflows of Resources					S
	CalSTRS		(CalPERS		Total
Governmental Activities		_		_		_
Differences between actual and expected experience	\$	893,133	\$	-	\$	893,133
Changes in employer's proportionate share		3,553,386		270,925		3,824,311
Total Deferred Inflows of Resources	\$	4,446,519	\$	270,925	\$	4,717,444

Pension contributions made subsequent to the measurement date reported as deferred outflows of resources will be recognized as a portion of pension expense in the year ended June 30, 2022. The remaining amounts reported as deferred outflows or deferred inflows of resources will be recognized as an increase or decrease to pension expense over a five-year period. Pension expense resulting from deferred outflows and deferred inflows of resources will be recognized as follows:

	Governmental Activities							
	Deferred Outflows			l Inflows				
Year Ended	of Res	sources	of Res	ources	Net Effect			
June 30,	CalSTRS	CalPERS	CalSTRS CalPERS		on Expenses			
2022	\$ 4,891,928	\$ 2,472,225	\$ (1,095,658)	\$ (67,731)	\$ 6,200,764			
2023	1,588,012	502,500	(1,045,101)	(67,731)	977,680			
2024	1,776,774	333,670	(1,044,991)	(67,731)	997,722

2026	55,359	-	(163,970)	-	(108,611)			
Thereafter	55,357		(51,808)		3,549			
Total	\$ 8,933,973	\$ 3,478,160	\$ (4,446,519)	\$ (270,925)	\$ 7,694,689			

Notes to the Financial Statements, Continued June 30, 2021

c. Actuarial Assumptions

Total pension liabilities for the fiscal year ended June 30, 2021, were based on actuarial valuations determined using the following actuarial assumptions:

	CalSTRS	CalPERS
Fiscal Year	June 30, 2021	June 30, 2021
Measurement Date	June 30, 2020	June 30, 2020
Valuation Date	June 30, 2019	June 30, 2019
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Experience Study Period	2015 - 2018	1997 - 2015
Actuarial Assumptions:		
Discount Rate	7.10%	7.15%
Inflation	2.75%	2.50%
Wage Growth	3.50%	(3)
Investment Rate of Return	7.10%	7.15%
Post Retirement Benefit Increase	(1)	(4)
Mortality	(2)	(5)

- (1) CalSTRS post-retirement benefit increases assumed at 2% simple (annually) maintaining 85% purchasing power level.
- (2) CalSTRS base mortality tables are custom tables derived to best fit the patterns of mortality among CalSTRS members. The projection scale was set to equal 110% of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table issued by the Society of Actuaries.
- (3) Varies by entry age and service.
- (4) CalPERS post retirement benefit increases assumes 2.00% until PPPA floor on purchasing power applies, 2.50% thereafter.
- (5) CalPERS mortality table was developed based on CalPERS specific data. The table includes 15 years of mortality improvement using the Society of Actuaries 90% of scale MP-2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

Notes to the Financial Statements, Continued June 30, 2021

a. Discount Rate

The discount rate used to measure the total pension liability was 7.10% for CalSTRS and 7.15% for CalPERS. The projection of cash flows used to determine the discount rates assumed the contributions from the plan members, employers, and state contributing agencies (where applicable) will be made at statutory contribution rates. To determine whether the District bond rate should be used in the calculation of a discount rate for each plan, CalSTRS and CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current discount rates are adequate, and the use of the discount bond rate calculations is not necessary for either plan. The stress test results are presented in detailed reports that can be obtained from CalPERS and CalSTRS respective websites.

The CalPERS discount rate was increased from 7.50% to 7.65% at measurement date June 30, 2015 (Fiscal year June 30, 2016) to correct for an adjustment to exclude administrative expenses. Subsequently CalPERS discount rate was decreased from 7.65% to 7.15% at measurement date June 30, 2017 (Fiscal year June 30, 2018) to adjust for changes resulting from actuarially determined amounts.

The CalSTRS discount rate was adjusted from 7.60% to 7.10% for measurement date June 30, 2017 (Fiscal year June 30, 2018) to adjust for changes resulting from a new actuarial experience study.

According to Paragraph 30 of GASB Statement No. 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. The investment return assumption used in the accounting valuation is net of administrative expenses. Administrative expenses are assumed to be 15 basis points. Using this lower discount rate has resulted in a slightly higher total pension liability and net pension liability. CalSTRS and CalPERS checked the materiality threshold for the difference in calculation and did not find it to be a material difference.

CalSTRS and CalPERS are scheduled to review actuarial assumptions as part of their regular Asset Liability Management (ALM) review cycle. CalSTRS completed their ALM November 2019 with new policies in effect on July 1, 2021. CalPERS completed their ALM in 2018 with new policies in effect on July 1, 2018. Both CalSTRS and CalPERS conduct new ALM's every 4 years.

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalSTRS and CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and long-term (11-60 years) using a building block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest quarter of one percent.

Notes to the Financial Statements, Continued June 30, 2021

The tables below reflect the long-term expected real rate of return by asset class. The rate of return was calculated using capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

- (1) In the basic financial statements, fixed income is included in global debt securities; liquidity is included in short term investments; inflation assets are included in both global equity securities and global debt securities.
- (2) An expected inflation of 2.00% is used for this period.
- (3) An expected inflation of 2.92% is used for this period

Notes to the Financial Statements, Continued June 30, 2021

b. Sensitivity to Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following represents the District's proportionate share of the net pension liability for each Plan, calculated using the discount rate for each Plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	 CalSTRS	 CalPERS
1% Decrease	6.10%	6.15%
Net Pension Liability	\$ 55,138,830	\$ 24,553,027
Current Discount Rate	7.10%	7.15%

Notes to the Financial Statements, Continued June 30, 2021

O. Postemployment Benefits Other Than Pension Benefits

1. Plan Description

Plan Administration. The Central Union High School District (District) administers a single-employer healthcare plan (Plan). The District maintains the same plan for its retirees as for its active employees with the general exception that benefits end when the retiree attains age 65.

Benefits Provided. Certificated unit members may retire with District-paid benefits at age 55 with at least 15 years of service with the District. Benefits continue until the retiree reaches age 65. The District's contribution towards medical, dental, vision, and life premiums is limited to a monthly cap of \$916.93 per retiree for 2020-21.

Classified unit members hired prior to July 1, 2005 may retire with District-paid benefits at age 55 with at least 10 years of service with the District. Classified employees hired on or after July 1, 2005 but before July 1, 2008 may retire with District-paid benefits at age 55 with at least 15 years of service with the District. Classified employees hired on or after July 1, 2008 may retire with District-paid benefits at age 55 with at least 20 years of service. Benefits continue until the retiree reaches age 65. The District's contribution towards medical, dental, and vision premiums is limited to a monthly cap of \$825.00 per retiree for 2020-21.

Health benefits for Management retirees are subject to Board approval and have been assumed to follow the Certificated guidelines described above, except that Management retirees do not receive District-paid life insurance.

Retired Board members do not receive District contributions towards medical, dental, vision or life premiums. They are eligible to self-pay for these benefits upon attaining age 55 and 15 years of service on the Board.

2. Contributions

The contribution requirements of the Plan members and the District are established and amended by the District and the Teachers Association (CEA) and the local California Service Employee Association (CSEA). The required contribution is based on projected pay-as-you-go financing requirements. No assets are accumulated in a trust that meets the criteria in Paragraph 4 of GASB Statement No. 75.

Notes to the Financial Statements, Continued June 30, 2021

3. Plan Membership

Membership of the plan consisted of the following as of June 30, 2021:

Inactive plan members or beneficiaries currently receiving benefits	15
Inactive plan members entitled to but not yet receiving benefits	0
Active plan members	358
	373

4. Total OPEB Liability

The Central Union High School District's total OPEB liability of \$13,187,704 was measured as of June 30, 2020 and was determined by an actuarial valuation as of June 30, 2019. Standard actuarial update procedures were used to project/discount from valuation to measurement dates.

5. Actuarial Assumptions and Other Inputs

The total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method	Entry Age, Level Percent of Pay
Recognition of deferred inflows	
and outflows of resources	Closed period equal to the average of the expected remaining service lives of all employees provided with OPEB
Salary Increases	3.00%
Inflation Rate	3.00%
Healthcare Cost Trend Rate	5.90% decreasing to 5.00%
Preretirement Mortality	Certificated: Mortality Rates for active employees from CalSTRS Experience Analysis (2015-2018). Classified: Preretirement Mortality Rates from CalPERS Experience Study (1997-2015).
Postretirement Mortality	Certificated: Mortality Rates for retired members and beneficiaries from CalSTRS Experience Analysis (2015-2018). Classified: Post-retirement Mortality Rates for Healthy Recipients from CalPERS Experience Study (1997-2015).

Actuarial assumptions used in the July 1, 2019 valuation were based on a review of plan experience during the period July 1, 2017 to June 30, 2019.

Notes to the Financial Statements, Continued June 30, 2021

Discount Rate. GASB 75 requires a discount rate that reflects the following:

- a) The long-term expected rate of return on OPEB plan investments to the extent that the OPEB plan's fiduciary net position (if any) is projected to be enough to make projected benefit payments and assets are expected to be invested using a strategy to achieve that return.
- b) A yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher to the extent that the conditions in (a) are not met.

To determine a resulting single (blended) rate, the amount of the plan's projected fiduciary net position (if any) and the amount of projected benefit payments is compared in each period of projected benefit payments. The discount rate used to measure the District's total OPEB liability is based on these requirements and the following information:

		Fidelity GO	
		AA 20 Years	
	Measurement	Municipal	
Reporting Date	Date	Index	Discount Rate
6/30/2020	6/30/2019	3.13%	3.13%
6/30/2021	6/30/2020	2.45%	2.45%

6. Changes in Total OPEB Liability

	Total OPEB Liability		
Balance at June 30, 2020	\$	11,665,958	
Changes for the year:			
Service cost		738,682	
Interest		383,873	
Changes of assumptions		681,994	
Experience differences		-	
Benefit payments		(282,803)	
Net change		1,521,746	
Balance at June 30, 2021	\$	13,187,704	

Notes to the Financial Statements, Continued June 30, 2021

7. Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the Plan, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current discount rate:

		Valuation	
	1% Decrease	Discount Rate	1% Increase
	(1,45%)	(2.45%)	(3.45%)
Total OPEB Liability	\$ 14,241,807	\$ 13,187,704	\$ 12,195,099

8. Sensitivity of the Total OPEB Liability to Changes in Healthcare Cost Trend Rate

The following presents the total OPEB liability of the Plan, as well as what the District's total OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point lower or one percentage point higher than the current healthcare cost trend rate:

		Healthcare Cost	
	1% Decrease	Trends Rate	1% Increase
	4.90%	5.90%	6.90%
	Decreasing to	Decreasing to	Decreasing to
	4.00%	5.00%	6.00%
Total OPEB Liability	\$ 11,658,759	\$ 13,187,704	\$ 14,976,437

9. OPEB Expense

For the fiscal year ended June 30, 2021, the District recognized OPEB expense of \$1,253,192.

Notes to the Financial Statements, Continued June 30, 2021

10. <u>Deferred Outflows and Deferred Inflows of Resources Related to OPEB</u>

At June 30, 2021 the District reported deferred outflows and deferred inflows of resources related to OPEB for the following:

]	Deferred	Γ	Deferred
	O	utflows of	In	flows of
	F	Resources	R	esources
Changes of assumptions	\$	1,476,156	\$	258,287
Experience differences		-		51,033
Contibutions made subsequent to measurement date		375,587		
Total	\$	1,851,743	\$	309,320

Amounts reported as deferred outflows and deferred inflows of resources related to OPEB will impact OPEB expense under the following amortization schedule:

	Deferred			Ι	Deferred		
Year Ended	О	Outflows of		Inflows of		N	et Effect on
June 30,	R	Resources		Resources		OP	EB Expense
2022	\$	558,165		\$	(51,941)	\$	506,224
2023		182,578			(51,941)		130,637
2024		182,578			(51,941)		130,637
2025		182,578			(51,941)		130,637
2026		182,578			(51,941)		130,637
Thereafter		563,266			(49,615)		513,651
Total	\$	1,851,743		\$	(309,320)	\$	1,542,423

Notes to the Financial Statements, Continued June 30, 2021

P. Risk Management

The District is exposed to risk of losses due to:

- Torts.
- Theft of, damage to, or destruction of assets,
- Business interruption,
- Errors or omissions,
- Job related illness or injuries to employees,
- Natural disasters,
- Other risks associated with public entity risk pools

Risk management is the process of managing the District's activities to minimize the adverse effects of these risks. The main element of risk management are risk control (to minimize the losses that strike an organization) and risk financing (to obtain finances to provide for or restore the economic damages of those losses). Risk financing techniques include risk retention, risk transfer to and from an insurer, and risk transfer to a non-insurer.

The District has implemented the risk financing technique of risk transfer to an insurer. The District has purchased property & liability insurance as well as workers compensation insurance to cover any losses resulting from the risks identified above.

There have been no significant changes in property and liability or workers compensation coverage during the current fiscal year.

Q. Participation in Joint Powers Authorities

The District is a member of the Imperial Valley Regional Occupation Program (IVROP) the Imperial County School Property/Liability Insurance (ICSPLI), the Imperial County Telecommunications Authority, and the Self Insurance Program for Imperial County (SIPIC) for the operation of a common risk management and insurance program for property and liability coverage and workers compensation. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage from coverage in the prior year.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these statements. Audited financial statements are available from the respective entities.

Notes to the Financial Statements, Continued June 30, 2021

R. Commitments and Contingencies

1. State and Federal Allowances, Awards, and Grants

The District has received state and federal funds for specific purposes that are subject review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursement will not be material.

2. Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District as of June 30, 2021.

3. Construction Commitments

As of June 30, 2021, the District had the following construction commitments:

			Expected Date
	C	ommitment	of Completion*
Construction in Process:			
STEM Building	\$	11,942,049	February 2022

^{*}Expected date of completion subject to change.

S. Adjustment to Beginning Balance

As a result of the implementation of GASB Statement No. 84, the District adjusted beginning fund balance/net position as follows:

	Governmental Activities	Associated Student Body Fund
Beginning Net Position/Fund Balance as Reported in June 30, 2020 Audit Report Adjustments to Beginning Balance	\$ 37,522,670	\$ -
GASB 84 Inclusion of Associated Student Body Funds	710,582	710,582
Beginning Net Position/Fund Balance, as Restated	\$ 38,233,252	\$ 710,582

Notes to the Financial Statements, Continued June 30, 2021

T. Deferred Outflows of Resources

In accordance with GASB Statement No. 65, refunding losses are recorded as deferred outflows of resources and amortized over the life of the bonds.

In accordance with GASB Statement No. 68 & 71, payments made subsequent to the pension plan measurement date and other items as outlined in the GASB pronouncement have been recorded as deferred outflows of resources.

In accordance with GASB Statement No. 75, the District has recorded deferred outflows of resources for OPEB related items as prescribed by the statement.

A summary of the deferred outflows of resources as of June 30, 2021, is as follows:

	Beginning							
Description	Balance		Increases		Decreases			Balance
2011 Refunding Loss	\$	131,489	\$	-	\$	26,298	\$	105,191
2016 Refunding Loss		173,284		-		24,755		148,529

2026		24,755		182,578			55,359		262,692
Thereafter		24,753		563,266			55,357		643,376
Total	\$	253,720	\$	1,851,743	\$	5	12,412,133	\$)	14,517,596

Notes to the Financial Statements, Continued June 30, 2021

U. Deferred Inflows of Resources

In accordance with GASB Statement No. 68 & 71, items as outlined in the GASB pronouncement have been recorded as deferred inflows of resources.

In accordance with GASB Statement No. 75, the District has recorded deferred inflows of resources for OPEB related items as prescribed by the statement.

A summary of the deferred inflows of resources as of June 30, 2021 is as follows:

		Ending							
Description	Balance		Balance In		Increases Dec			Balance	
Pension Related									
CalSTRS	\$	1,111,287	\$	4,742,156	\$	1,406,924	\$	4,446,519	
CalPERS		-		338,656		67,731		270,925	
OPEB Related		361,261				51,941		309,320	
Total Deferred Inflows of Resources	\$	1,472,548	\$	5,080,812	\$	1,526,596	\$	5,026,764	

Future amortization of deferred inflows is as follows:

Thereafter	51,808	49,615	101,423
Total	\$ 4,717,444	\$ 309,320	\$ 5,026,764

Notes to the Financial Statements, Continued June 30, 2021

V. Upcoming Accounting Guidance

The Governmental Accounting Standards Board (GASB) issues pronouncements and additional guidance for governmental agencies to establish consistent accounting across all governments in the United States. The following table represents items that have been issued by GASB that will become effective in future periods:

Description	Date Issued	Fiscal Year Effective
GASB Statement 87, Leases	06/2017	2021-22
GASB Statement 89, Accounting for Interest Cost Incurred before the End of a Construction Period	06/2018	2021-22
GASB Statement 91, Conduit Debt Obligations	05/2019	2022-23
GASB Statement 92, Omnibus 2020	01/2020	2021-22
GASB Statement 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements	03/2020	2022-23
GASB Statement 96, Subscription-Based Information Technology Arrangements	05/2020	2022-23
GASB Statement 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements 14, 84 and supersession of GASB Statement 32	06/2020	2021-22
GASB Statement 98, The Annual Comprehensive Financial Report	10/2021	2021-22
GASB Implementation Guide No. 2019-3, Leases	08/2019	2021-22
GASB Implementation Guide No. 2020-1, Implementation Guidance Update – 2020	04/2020	2021-22
GASB Implementation Guide No. 2021-1, Implementation Guidance Update – 2021	05/2021	2021-22 Thru 2023-24

The effects of the upcoming guidance and pronouncements on the District's financial statements has not yet been determined.

Notes to the Financial Statements, Continued June 30, 2021

W. COVID-19 Considerations

In March 2020 the World Health Organization declared the outbreak of the novel coronavirus COVID-19 a global pandemic. The nature of the pandemic resulted in a mandatory school property closure affecting the Central Union High School District from March 16, 2020 and continuing into the Fall of the 2020-21 school year. California Governor Gavin Newsom issued a state-wide executive order mandating that schools remain closed until the county in which the school is located is off the COVID-19 watch list for fourteen consecutive days. The 2020-21 fiscal year opened in a fully distance learning model, until such time as campuses were re-opened.

In addition to school closures, new regulations and safety measures were required to be put in place by all schools in California as part of a re-opening plan. The Central Union High School District established and followed a re-opening plan that they believe is providing a safe environment for the students and teachers.

The federal and state government have established temporary funding to assist in the additional costs that resulted from the COVID-19 pandemic. All California school districts are eligible for these funds. Some funding provided as a result of COVID-19 is intended to be spent over multiple years. The District has taken all of the requirements of each funding source into consideration in preparation of budgets for upcoming years.

Budgetary Comparison Schedule – General Fund For the Year Ended June 30, 2021

	Budgeted	Amounts		Variance to		
	Original	Final	Actual	Final Budget Positive (Negative)		
Revenues	Original	Tillai	Actual	(Inegative)		
LCFF Sources

Notes to Required Supplementary Information For the Year Ended June 30, 2021

Budgetary Comparison Schedule Reconciliation

As described in Note A to these financial statements, for purposes of reporting in conformity with GASB Statement No. 54, the District's Deferred Maintenance Fund (Fund 14), Special Reserve Fund for Other Than Capital Outlay (Fund 17), and Special Reserve Fund for Postemployment Benefits (Fund 20) do not meet the definition of a special revenue fund and are therefore included with the General Fund for reporting purposes. The budgetary comparison schedule included in the Required Supplementary Information is based on the legally adopted budget for the General Fund only. Below represents a reconciliation between the schedules:

General Fund - Basic Financial Statements Ending Fund Balance	\$ 21,652,142
Less Fund 14 Fund Balance	(1,587)
Less Fund 17 Fund Balance	(6,746)
Less Fund 20 Fund Balance	(2,775,167)
General Fund - Budgetary Comparison Schedule Ending Fund Balance	\$ 18,868,642
	_
General Fund - Basic Financial Statements Net Change in Fund Balance	\$ 6,725,387
Less Fund 14 Net Change in Fund Balance	784,270
Less Fund 17 Net Change in Fund Balance	(116)
Less Fund 20 Net Change in Fund Balance	(47,732)
General Fund - Budgetary Comparison Schedule Net Change in Fund Balance	\$ 7,461,809

Excess of Expenditures Over Appropriations

As of June 30, 2021, the District's expenditures which exceeded appropriations in the following categories:

	Excess	
Appropriations Category	Expenditures	Reason for Excess Expenditures
General Fund:		
Certificated Salaries	\$ 1,050,416	The District did not budget for additional pay that became necessary due to the COVID-19 pandemic.
Classified Salaries	184,209	The District did not budget for additional pay that became necessary due to the COVID-19 pandemic.
Capital Outlay	187,569	The District underestimated the costs of equipment replacement.
Other Outgo	1,929	The District underestimated the costs of other outgo.

Amounts in excess of appropriations were not considered a violation of any laws, regulations, contracts or grant agreements and did not have a direct or material effect on the financial statements.

Notes to Required Supplementary Information, Continued For the Year Ended June 30, 2021

Schedule of District's Proportionate Share - CalSTRS

- 1. Benefit Changes: There were no changes to benefits during the periods being reported.
- 2. Changes in Assumptions: Assumptions used in determining the total pension liability of the CalSTRS Plan changed due to actuarial experience studies. Changes in assumptions effective in fiscal year 2020-21 (measured as of June 30, 2020) were to termination rates and service retirement rates based on the experience study for the period July 1, 2015, through June 30, 2018. Changes in assumptions effective in fiscal year 2017-18 (measured as of June 30, 2017) were to price inflation, wage growth, discount rate and mortality tables based on the experience study for the period July 1, 2010, through June 30, 2015.

Schedule of District's Contributions - CalSTRS

The total pension liability for California State Teachers' Retirement System (CalSTRS) for measurement date June 30, 2020, was determined with a valuation completed June 30, 2019 (released in May 2020). In determining the total pension liability, the financial reporting actuarial valuation used the following actuarial methods and assumptions:

Reporting Period	June 30, 2015	June 30, 2016	June 30, 2017	June 30, 2018
Measurement Date	06/30/14	06/30/15	06/30/16	06/30/17

Post-retirement Benefit Increases	2.00% Simple	2.00% Simple	2.00% Simple	

(1) – Net of investment expenses but gross of administrative expenses.

CalSTRS uses a generational mortality assumption, which involves the use of base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among CalSTRS members. The projection scale was set equal to 110% of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table issued by the Society of Actuaries.

Additional information can be obtained by reviewing the CalSTRS Actuarial Experience Study on the CalSTRS website.

Notes to Required Supplementary Information, Continued For the Year Ended June 30, 2021

Schedule of District's Proportionate Share - CalPERS

- 1. Benefit Changes: There were no changes to benefits during the periods being reported.
- 2. Changes in Assumptions. On December 21, 2016, the CalPERS Board lowered the discount rate for funding purposes from 7.50% to 7.00% using a three-year phase-in beginning with the June 30, 2016, actuarial valuations and the June 30, 2017 valuations for the School Pool. The final scheduled decrease from 7.25% to 7.00% for the school pool valuation occurred in the June 30, 2019, valuation. The CalPERS Board adopted new actuarial assumptions based on the recommendations in the December 2017 CalPERS Experience Study and Review of Actuarial Assumptions. This study reviewed the retirement rates, termination rates, mortality rates, rates of salary increases, and inflation assumption for the Plan. These new assumptions are incorporated into the June 30, 2018, actuarial valuations.

Schedule of District's Contributions - CalPERS

The total pension liability for California Public Employees Retirement System – School Pool (CalPERS) for measurement date June 30, 2020, was determined with a valuation completed June 30, 2019. In determining the total pension liability, the financial reporting actuarial valuation used the following actuarial methods and assumptions:

Reporting Period	June 30, 2015	June 30, 2016	June 30, 2017	June 30, 2018
Measurement Date	06/30/14	06/30/15	06/30/16	06/30/17

Schedule of Instructional Time Year Ended June 30, 2021

		Instructional Days Offered		
	Minimum Daily	Traditional	J-13A Credited	
Grade Level	Minutes Offered	Calendar	Days	Status
9th Grade	240	180	N/A	Complied
10th Grade	240	180	N/A	Complied
11th Grade	240	180	N/A	Complied
12th Grade	240	180	N/A	Complied

This schedule provides the information necessary to determine if the District has complied with Article 8 (commencing with Section 46200) of Chapter 2 of Part 26 of the Education Code. The requirements are as follows:

1) EC §46207: As a condition of apportionment the following annual instructional minutes must be offered:

•	To pupils in Kindergarten	36,000 minutes
•	To pupils in grades 1 to 3	50,400 minutes
•	To pupils in grades 4 to 8	54,000 minutes
•	To pupils in grades 9 to 12	64,800 minutes

2) EC §46208: As a condition of apportionment 180 school days must be offered for traditional calendars. In order to qualify as a school day the following minimum daily minutes must be met:

•	EC §46112:Grades 1 to 3	230 minutes
•	EC §46113: Grades 4 to 8	240 minutes
•	EC §46114: Kindergarten	180 minutes
•	EC §46141: Grades 9 to 12	240 minutes

Under Senate Bill 98 and Senate Bill 820, annual instructional minutes requirements were waived for the 2020-21 school year. For school districts and classroom-based charter schools, in order for a day to count as a day of instruction towards meeting the annual instructional day requirement, students must be scheduled to attend for the school day established by the local governing board and the school day must be equivalent to at least a minimum day of instruction as follows:

- 180 instructional minutes in TK/Kindergarten, continuation high schools, opportunity schools, and students concurrently enrolled in a community college.
- 230 instructional minutes in grades 1 to 3
- 240 minutes in grades 4 to 12

As a result of the COVID-19 pandemic, the District operated a portion of the year under distance learning and a portion of the year under in person classroom instruction.

Schedule of Financial Trends and Analysis Year Ended June 30, 2021

General Fund	Budget 2022 (See Note 1)	2021	2020	2019
Revenues and Other Financing Sources	\$ 70,021,190	\$ 70,203,742	\$ 58,074,404	\$ 59,808,461
Expenditures and Other Financing Uses	71,254,073	62,741,933	59,482,231	60,386,380
Net Change in Fund Balance	(1,232,883)	7,461,809	(1,407,827)	(577,919)
Ending Fund Balance	\$ 17,635,759	\$ 18,868,642	\$ 11,406,833	\$ 12,814,660
Available Reserves (See Note 2)	\$ 13,110,272	\$ 14,750,117	\$ 9,515,833	\$ 10,977,278
Available Reserves as a Percentage of Total Outgo	18.40%	23.51%	16.00%	18.18%
Long Term Debt	\$ 30,503,020	\$ 31,319,601	\$ 32,733,178	\$ 17,185,068
Average Daily Attendance at P2	4,060	N/A	4,000	3,947

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

The general fund balance has decreased by \$6,053,982 (45.2%) over the past two years. The fiscal year 2021-22 budget projects a decrease of \$1,232,883 (6.34%). For a district of this size, the State recommends available reserves of 3% of total general fund expenditures and other financing uses (total outgo).

Total long-term debt has increased by \$14,134,533 over the past two years.

As a result of the COVID-19 pandemic there was no attendance reporting for the 2020-21 fiscal year. Each LEA was funded based on the 2019-20 average daily attendance (ADA) reported.

Notes:

- 1. Budget 2022 is included for analytical purposes only and has not been subjected to audit.
- 2. Available reserves consist of all unassigned fund balances contained within the general fund.
- 3. Long term debt consists of general obligation bonds.
- 4. As described in Note A to these financial statements, for purposes of reporting in conformity with GASB Statement No. 54, the District's Deferred Maintenance Fund (Fund 14), Special Reserve Fund for Other Than Capital Outlay (Fund 17), and Special Reserve Fund for Postemployment Benefits (Fund 20) do not meet the definition of a special revenue fund and were therefore combined with the General Fund for financial statement reporting. The above Schedule of Financial Trends and Analysis contains only the financial information of the General Fund.

This schedule provides the information necessary to reconcile the fund balances of all funds as reported on the SACS Annual Financial and Budget Report with the audited financial statements. Funds that required no adjustment are not presented.

Schedule of Charter Schools Year Ended June 30, 2021

As of June 30, 2021, the District is not a sponsoring local educational agency for any charter schools.

This schedule is provided to list all charter schools chartered by the District and displays information for each charter school on whether or not the charter school is included in the District audit.

See accompanying notes to schedule of expenditures of federal awards.

Notes to the Schedule of Expenditures of Federal Awards Year Ended June 30, 2021

Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the District and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with requirements of 2 CFR §200.502 Basis for Determining Federal Awards Expended and 2CFR §200.510(b) Schedule of Expenditures of Federal Awards. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Summary of Significant Accounting Policies

The expenditures reported on the schedule are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule, if any, represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Indirect Cost Rate

Indirect costs were calculated in accordance with 2 CFR §200.412 *Direct and Indirect Costs*. The District used an indirect cost rate of 6.48% based on the rate approved by the California Department of Education for each program which did not have a pre-defined allowable indirect cost rate. The District did not elect to use the 10% de minimis cost rate as covered in 2 CFR §200.414 *Indirect Costs*. The following programs utilized a lower indirect cost rate based on program restrictions or other factors determined by the District:

		Indirect
Program	CFDA #	Cost Rate
Child Nutrition Cluster	10.559	5.00%
Migrant Education	84.011	6.30%
Vocational Education	84.048	5.00%
IDEA Basic Local Assistance	84.027	0.00%
IDEA Mental Health	84.027	1.97%
Adult Education Basic	84.002	0.00%
Adult Education Secondary	84.002	0.00%
Adult Education English Literacy	84.002	0.00%
Child Nutrition - COVID CARES Act Supplemental	84.425	0.00%
CARES Act - Elementary & Secondary School Eme	84.425D	0.00%
CARES Act - Learning Loss Mitigation	21.019	0.00%

Schoolwide Program

The District operates "schoolwide programs" at all school sites. Using federal funding, schoolwide programs are designed to upgrade an entire educational program within a school for all students, rather than limiting services to certain targeted students. The following federal program amounts were expended by the District in it's schoolwide programs:

		Amount
Program	CFDA #	Expended
Title I	84.010	\$ 1,076,181

Notes to the Schedule of Expenditures of Federal Awards Year Ended June 30, 2021

Total Federal Expenditures on Schedule of Expenditures of Federal Awards

Personal Protective Equipment (PPE) (Unaudited)

As a result of the COVID-19 Pandemic the District received personal protective equipment (PPE) valued at \$5,000 from the federal government.

Reconciliation of Revenues

The District is permitted to bill for Medi-Cal administrative activities and services provided as a Provider Type 55 (LEA Provider) which under the provisions of 2CFR §200.330 distinguishes the District as a contractor rather than a subrecipient of the federal funds. As such, the program has not been included in the schedule of expenditures of federal awards.

The following schedule provides a reconciliation between revenues reported on the Statement of Revenues, Expenditures and Change in Fund Balance and the related expenditures reported on the Schedule of Expenditures of Federal Awards:

Total Federal Revenues on Statement of Revenues, Expenditures and Changes in Fund Balance \$ 14,227,192

Less: Amounts representing Medi-Cal (232,627)

\$ 13,994,565

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Education Central Union High School District El Centro, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Central Union High School District (District), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Central Union High School District's basic financial statements, and have issued our report thereon dated January 31, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Central Union High School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Central Union High School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Central Union High School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a deficiency in internal controls which we consider to be a significant deficiency in internal controls as identified in the schedule of findings and questioned costs as item 2021-001.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Central Union High School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Central Union High School District's Response to Findings

Wilkinson Hadley King & Co Let

Central Union High School District's responses to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Central Union High School District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance

To the Board of Education Central Union High School District El Centro, California

Report on Compliance for Each Major Federal Program

We have audited Central Union High School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Central Union High School District's major federal programs for the year ended June 30, 2021. Central Union High School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Central Union High School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Central Union High School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Central Union High School District's compliance.

Opinion on Each Major Federal Program

In our opinion, Central Union High School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of Central Union High School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Central Union High School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Central Union High School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report on State Compliance

To the Board of Education Central Union High School District El Centro, California

Report on State Compliance

We have audited the Central Union High School District's compliance with the types of compliance requirements described in the 2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, prescribed in Title 5, California Code of Regulations, Section 19810, that could have a direct and material effect on each of the District's state programs identified below for the fiscal year ended June 30, 2021.

Management's Responsibility for State Compliance

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each applicable program as identified in the State's Audit Guide 2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance, prescribed in Title 5, California Code of Regulations, Section 19810. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the comptroller General of the United States; and the State's audit guide 2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, prescribed in Title 5, California Code of Regulations, Section 19810. Those standards and audit guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about each school's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

In connection with the audit referred to above, we selected and tested transactions and records to determine the District's compliance with state laws and regulations applicable to the following items:

Description	Procedures Performed
Local Education Agencies Other Than Charter Schools	
A. Attendance and Distance Learning	Yes
B. Teacher Certification and Misassignments	Yes
C. Kindergarten Continuance	N/A
F. Instructional Time.	Yes
G. Instructional Materials.	Yes
H. Ratio of Administrative Employees to Teachers	Yes
I. Classroom Teacher Salaries.	Yes
J. Early Retirement Incentive	N/A
K. Gann Limit Calculation.	Yes
L. School Accountability Report Card.	Yes
O. K-3 Grade Span Adjustment	N/A
Q. Apprenticeship: Related and Supplemental Instruction	N/A
R. Comprehensive School Safety Plan.	Yes
S. District of Choice.	N/A
School Districts, County Offices of Education, and Charter Schools	
T. California Clean Energy Jobs Act.	N/A
V. Proper Expenditure of Education Protection Account Funds	Yes
W. Unduplicated Local Control Funding Formula Pupil Counts	Yes
Charter Schools	
Y. Independent Study - Course Based	N/A

BB. Mode of Instruction.	N/A
CC. Nonclassroom Based Instruction/Independent Study	N/A
DD. Determination of Funding for Nonclassroom Based Instruction	N/A
FF. Charter School Facility Grant Program.	N/A

The term N/A is used above to mean either the District did not offer the program during the current fiscal year or the program applies to a different type of local education agency.

Opinion on State Compliance

In our opinion, Central Union High School District complied, in all material respects, with the compliance requirements referred to above that are applicable to the statutory requirements listed in the schedule above for the year ended June 30, 2021.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing. This report is an integral part of an audit performed in accordance with 2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, prescribed in Title 5, California Code of Regulations, Section 19810. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned Costs Year Ended June 30, 2021

Findings represent significant deficiencies, material weaknesses, and/or instances of noncompliance related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*, Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), or the 2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. Finding codes as identified in the 2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting are as follows:

Five Digit Code	AB 3627 Finding Type	
10000	Attendance	
20000	Inventory of Equipment	
30000	Internal Control	
40000	State Compliance	
42000	Charter School Facilities	
43000	Apprenticeship: Related and Supplemental Instruction	
50000	Federal Compliance	
60000	Miscellaneous	
61000	Classroom Teacher Salaries	
62000	Local Control Accountability Plan	
70000	Instructional Materials	
71000	Teacher Misassignments	
72000	School Accountability Report Card	

A. Financial Statement Findings

Finding Number: 2021-001 Repeat Finding: No

Program Name: Capital Assets

Type of Finding: Internal Control – Significant Deficiency (30000)

Criteria or Specific Requirement

GASB Statement 34 Basic Financial Statements – and Management's Discussion and Analysis – For State and Local Governments established a requirement that the government-wide financial statements be presented on a full accrual basis of accounting. This includes accounting for capital assets. The District should have sufficient processes in place to identify and track capital assets and accumulated depreciation.

Condition

When the District implemented a new capital asset tracking system, data manually entered from the old system was incomplete. As a result, the District hired a consultant to reconcile between the two systems; however, some data was still missing. After spending a significant amount of time reviewing data from both systems we were able to estimate ending balances for capital assets and accumulated depreciation. The District; however, does not have a depreciation schedule that includes all capital assets. The District was not able to identify the discrepancies within the normal course of their duties.

Schedule of Findings and Questioned Costs, Continued Year Ended June 30, 2021

Cause

The District has not completed a full reconciliation between the old data and the new data to ensure the new depreciation schedule has all of the information. The District does not have a process in place to review the depreciation schedule during the closing process and as such did not identify the discrepancies in capital assets.

Effect

The District is exposed to risk of material misstatement in capital assets that may not be detected by the District in a timely manner.

Recommendation

Reconcile information in the capital asset system to the old system to ensure all data is appropriately included on the depreciation schedule. Perform a walk-through to identify any assets that have been disposed of and update the depreciation schedule accordingly. Implement a review process over capital assets during close of the financial statements to ensure data is going into the system accurately.

To Whom it May Concern:

The accompanying Corrective Action Plan has been prepared as required by the 2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting published by the Education Audit appeals Panel. The name of the contact person responsible for corrective action, the planned corrective action, and the anticipated completion date for each finding included in the current year's Schedule of Findings and Questioned Costs have been provided.

In addition, we have also prepared the accompanying Summary Schedule of Prior Audit Findings which includes the status of audit findings reported in the prior year's audit.

Sincerely

Arnold Preciado

Corrective Action Plan Year Ended June 30, 2021

Financial Statement Findings

Finding Number: 2021-001
Program Name: Capital Assets
Contact Person: Arnold Preciado
Anticipated Completion Date: 06/30/2022

Planned Corrective Action

The District is hiring a consultant to work with accounting personnel to reconcile capital assets and update the current capital assets system with all assets owned by the District. The District will implement a review process as part of year end closing to ensure that the data is properly updated and accurately reported.
