

Workflow for Initial ELPAC and Aeries Coding After School Begins, 2017-2018

New students must have a language fluency code of <u>TBD to be eligible for the initial ELPAC test</u>

Detailed information and CHANGE queries are found at https://aeriessis.freshdesk.com/support/solutions/folders/14000116276

Extract SSIDs
Upload to CALPADS

2 CALPADS

Retrieve SSIDs Upload to Aeries

3 AERIES

Extract SELA
Upload to CALPADS

4 CALPADS

Feeds TBD students to TOMS for LST eligibility

AERIES

Change TBDs to EL or IFEP to match fluency imported from LST Add IFEP Start Date or EL Program Start Date

6 AERIES

Import initial ELPAC test results from TOMS

(Initial LAC fluency test fields and ELAS codes and dates will be automatically populated)

TOMS

Enter initial ELPAC scores in the LST

(LST will provide scores, performance levels, test date and EL or IFEP code to Aeries)

8

AERIES

Verify fluency codes and dates from TOMS, CALPADS and Aeries are identical

TOMS populates: LAC.ITF/LAC.ITD
CALPADS populates: LAC.EAC/LAC.EAD
You populate: STU.LF/LAC.SD or LAC.IFD
