## CRDC SY2011-12 PART I School Form

School Name: CENTRAL UNION HIGH SCHOOL
School ID: 00771
LEA Name: CENTRAL UNION HIGH SCHC
PDF generation date/time: December 07, 2012 11:36 AM EST

Certified: Yes
Certification date/time: December 07, 2012 11:36 AM I
Name of Certifier: Gerardo A Mora

## General Instructions

- For all survey items, students must be counted at their attendance school. See Attendance school in the definitions
- Counts by race/ethnicity by sex are unduplicated counts, i.e. a student is counted only once in the race/ethnicity columns. Counts in the columns for Students with Disabilities (IDEA), Section 504 Only, and LEP are unduplicated within the column, but are duplicate counts with other columns, except that a student cannot be counted under both Students with Disabilities (IDEA) and under Section 504 Only. For example, a student who is LEP and is a student with disabilities (IDEA) will be counted three times, once under race/ethnicity, once under students with disabilities (IDEA), and once under LEP. See Duplicated counts and Unduplicated counts in the definitions
- For tables that include data by race/ethnicity by sex, the Web-based survey tool will keep a running total of the values you enter in the race/ethnicity columns for each row. As you enter a number in any race/ethnicity category, that number will automatically be added to the Total column. Therefore, the sum of the counts that you enter for race/ethnicity by sex will be the total count of students for the particular row. Because it is not possible for your LEA to modify the total, you must ensure that every student is included in one and only one race/ethnicity category.

## SCH-0001: Grades Offered

- Check all grades offered at this school.
- Check ungraded if that applies. You may check grades and also check ungraded if some students are classified by grade and others are not. If the school is wholly ungraded, check ungraded and check no other boxes.
- Prekindergarten includes early childhood education and preschool programs and services.
- For this item, prekindergarten and kindergarten are considered to be "grades"; do not check "ungraded" solely because of prekindergarten or kindergarten classes.
